

Training Made In Germany

“Training Made in Germany”

Under this banner, we provide knowledge of foreign languages and intercultural competence, experience abroad and international expertise to several thousand people from all over the world each year. In addition, we also manage cross-border educational projects for the business community and public institutions.

Company

Carl Duisberg Centren consists of a network of affiliates all operating under the aegis of Carl Duisberg Centren gemeinnützige GmbH, founded in 1962. This network is one of the leading service providers in the area of international training and qualification.

Customers

Businesses and private individuals, public-sector clients and international institutions value the high level of expertise and personal support they receive in language, intercultural and field-related training.

Team

There are approx. 200 full-time employees on duty for Carl Duisberg Centren, both in Germany and abroad. The network also includes free-lance trainers, together with experts in business, education and the sciences.

Quality Management

Our high product standard ensures sustained educational success – not to mention our customers’ satisfaction. To ensure this, we are subject to routine quality controls. Our Language Courses, Language Travel, and International School Programs departments are also certified under DIN EN ISO 9001.
